

From the L&CPU Folio Secretary
Jon C Allanson

Dear Secretary,

The latest updated versions of the folio rotas for 2009-10 are available from the downloads section of the L& CPU Website

Please check the dates for your club and if you do not require the folio on any date please let me know so that your club will not be included on the rota included in the folio box. If your club is on the rota included in the box you will be expected to receive the box and forward it to the next club whether or not your club uses the folio.

The definitive folio rota for your club with the forwarding and receiving club contacts will be forwarded to you at the beginning of September, as will the provisional rota for 2010-11.

All folios will contain a copy of the included images suitable for digital projection, and this will also include an MP3 file of the commentary for those folios for which a commentary has been recorded. An Audio CD version of the commentary will also be included in the folio.

The Year 1 slide Folio will also contain a CD containing a digital presentation of a selection of the higher scoring images entered in the digital Projected Image section of the Annual Competition

A CD containing digital versions of all folios will be available from me on request, and will be sent out at the beginning of September to the clubs that have requested one.

Thank you for your cooperation.

Jon Allanson
