

2011 L&CPU Folios & Exhibition

Please find below a listing of the Prints that have been selected for the Folios, and from them the Annual Exhibition, which many of you will now have seen.

The process for the selection of the Annual Exhibitions this year was that I was informed at the last minute that this year I, along with Jon Allanson, the Folio Secretary, could select the Prints for the Exhibition. In fact we did this in conjunction with Christine Widdall, our Chairman.

We looked at each and every Folio Print - my declared desire was to select around 160 to represent the best - but not to have too much repetition of subject or theme. Then I took these home and broadly worked out the hanging arrangement in Café Ambio - although this had to be tweaked on hanging day. The rest were destined for the Townley Parker Room in Astley Hall - which is next door to the Café.

Unfortunately there was not room for all of the prints - and we were asked not to hang potentially provocative images in either location, which I reluctantly agreed to. On seeing the final result - of course there are some images that I would put in a different location, but then I would have to move 5 more - and so on.

The Titles in **BOLD** are those in the Exhibition - PAGB - indicates those returned from last year's PAGB Entry, and YP indicates a Young Photographer.

I gave absolutely no regard to the number of images from a particular club or individual - in fact it was only later that I found out who took many of them. My purpose was to seek to put together a really good Exhibition for the General Public - many of whom would not usually visit an Art Exhibition of any kind. In the end 144 Prints have been mounted in the Exhibition - I commend it to you.
