Issue 10 RLS Special – Apr 2009

Affiliated to the Federation Internationale de l'Art Photographique

RECORDED LECTURE SERVICE (Details in the Handbook or on the PAGB website)

A Presentation by Phil, Gwen and Chris Charnock is just one of the new PAGB Recorded Lectures available for hire. The compilation of images charts Phil and Gwen's photographic journey from their first entry in club competitions through to their venture into the commercial world of running a successful business and photographic studio. The pictures show how their imagination and creativity can work using film, and 'Photoshop' enhancement. Their stunning photographs have won them over 500 awards and illustrate their creativity and wide range of techniques. Their award winning son Chris, brings an added dimension with his exciting sporting images.

YOUR RLS NEEDS YOU

Many small clubs depend on Recorded Lectures to make up their programme and we know there a great many photographers out there who could compile one using their own photographs. This could be a permanent record of your work and just think how many people would be able to admire it!

It is necessary to withdraw many elderly lectures from the service and we really need new material. Why not donate one of your lectures on a CD – your work will get to many clubs you will never visit.

We will consider almost anything that might appeal to club photographers and we will help with costs. Information can be obtained from stepanie.cook@btinternet.com

The PAGB would like to thank Colin Hall ARPS APAGB for all his sterling work and involvement with the efficient administration of Group 1 over recent years. Colin is retiring and it has been decided to reduce the groups to two with Stephanie Cook 01977 682857 or stephanie.cook@btinternet.com looking after the reorganised Group 1 and Michael Betts 01424 854304 administering Group 2. Details will appear on the PAGB website as soon as the handover is agreed - www.pagb-photography-uk.co.uk

The PAGB Awards – One Club's Experience. This very popular lecture is now rather outdated and is being withdrawn. We hope to replace it by September 2009.
